

Formula 4 SEA Championship launch in Sepang

Life of Formula 4 - August 2016

From 5th to 7th August 2016, the International Circuit of Sepang played host to the first race of **F4 South East Asia certified by FIA**.

Last April a team of Triple A engineers assembled at the **Mygale** factory to prepare 21 **Mygale** F4 cars before being shipped to South East Asia. Their **expertise** and **work** ensured that the cars ran successfully and trouble free at the first event.

Peter Thompson, Chairman Triple A, looks back to the success of this launch: "It was truly fantastic start to the Formula 4 South East Asia Championship, which was a **success**. The whole operation ran smoothly without any hitches, considering that this was the first event. The drivers showed **considerable progress** and were extremely professional in every respect."

This first inaugural round included **six races**, won by Danial Frost from Singapore and Jordan Love from Australia, 1st and 2nd of the classification. Next rounds will be at the International Circuit of Sepang both week end 2nd - 4th September, 1st - 2nd October.
