

**2014 Formula 3 Australian Drivers Championship
Round 7 – Sydney Motorsport Park 31st October - 2nd November**

**After years of Dallara domination, Mygale finally succeeded
in taking the 2014 F3 Australian title over thanks to Simon Hodge/BRM**

Simon Hodge/BRM/Mygale won the 58th Australian Drivers Championship for the CAMS Gold Star in the same way he has raced all season in Australian Formula 3, with breathtaking races at **Sydney Motorsport Park 1-2 November**.

In the first race, **Hodge** started from pole, set the fastest lap and won the race. But in the two last races he had to hardly battle against his rivals on Dallara: Petterson and Gersekovski at the Sydney Motorsport Park as throughout the season. He has finally won the last two races, though he had already won the championship at the end of the second race.

His team mate from the Team BRM/Mygale, **Chris Anthony**, has joined Hodge on the third step of the championship's podium. This 18 years old driver makes a very promising start in Motorsport. The last weekend he began in the back of the grid and has bravely fought to finish with the third place of the race.

Mygale thanks his drivers and their teams and especially his agent **Greg WOODROW/G Force Motorsport** for this outstanding season crowned with the first Formula 3 title for Mygale in Australia. We look forward to see you in 2015 for a new season.
