

M21-F4 PRESS RELEASE

FORMULA 4 GENERATION 2

🇬🇧 7 years after the genesis of the Formula 4 category and our M14-F4, Mygale presents the future of the introductory single-seater category: the M21-F4 Formula 4 Generation 2, introduced during the FIA Conference 2021 in Monaco, in front of federations from around the globe.

Our new F4 is the result of years of work from our engineering office, as well as the collaboration with many partners. Our new F4 brings major evolutions regarding weight, performance, safety and ease of use.

Total weight: **500kg**

Weight reduction compared to the M14-F4 despite the introduction of the safety halo (13kg) and augmentation of safety requirements on the monocoque

Introduction of a **3,6kg/hp** power-weight formula

Lightweight, full carbon bodywork

New single-piece monocoque design (without upper/lower split) with integrated anti-intrusion panels, at the latest FIA standards

Improved aerodynamic efficiency and higher top-speed

Total length superior by **400mm**, wheelbase lengthened by **110mm**

Improved ease of use and maintenance thanks to the experience from the 1st generation Formula 4 development
